

Slogan Writing and Poster Making Competition on Voice of Youth Unite for tomorrow against Ragging

On 14th August 2024, the Faculty of Law at Baba Mastnath University (BMU) hosted a powerful social awareness initiative — a Slogan Writing and Poster Making Competition aimed at raising awareness against the pervasive issue of ragging in educational institutions. The event was designed to amplify the voices of students, emphasizing the importance of unity and collective action in the fight against this social menace. The competition gathered 20 passionate participants, who showcased their creativity while advocating for a safer and more inclusive academic environment for all students.

The competition began with a brief address by Dr. Rahul Goyat, Assistant Professor and Convener of the event, who highlighted the importance of eradicating ragging from campuses and promoting a healthy, supportive academic atmosphere. Participants were tasked with creating compelling slogans and posters that would serve as a call to action for the youth to unite against ragging. The event aimed to not only engage students in creative expression but also to deepen their understanding of the consequences of ragging and the need for a collective effort to eliminate it.

The co-conveners, Dr. Parmila and Dr. Vijay Dangi, were instrumental in ensuring the smooth conduct of the event, offering guidance to participants and fostering a collaborative atmosphere. The event was a testament to the dedication of the Faculty of Law in addressing

important social issues, as it emphasized the critical role of students in shaping their future and protecting their rights.

The significance of this event lies not only in the creative outputs of the participants but also in its ability to raise societal awareness about ragging — a persistent issue that undermines the well-being and dignity of students in educational settings. By involving students directly in the creation of impactful slogans and posters, the event aimed to empower them to take a stand against ragging and foster a sense of solidarity in ensuring safe and respectful campuses.

From a societal perspective, this initiative contributes to a larger discourse on youth empowerment and social responsibility. Tackling issues like ragging head-on through awareness and education is essential in building a healthier and more respectful society. It aligns with the United Nations Sustainable Development Goals (SDGs), particularly SDG 4: Quality Education, which calls for inclusive, safe, and non-violent learning environments. Moreover, this event also resonates with SDG 16: Peace, Justice, and Strong Institutions, as it promotes the creation of safe spaces and the protection of students' rights within academic institutions.

The competition attracted 20 participants, including students from various academic levels. Each participant demonstrated not only their artistic skills but also their commitment to eradicating ragging through thought-provoking messages. The creative expressions ranged from powerful slogans to eye-catching posters, all conveying a unified message against ragging.

The event successfully inspired participants to become active advocates for a safer academic environment. Through their involvement, students recognized the importance of speaking up, educating peers, and creating awareness on campus about the damaging effects of ragging. It also reinforced the idea that each individual has the power to contribute to making their educational institution a more inclusive and supportive space.

The Slogan Writing and Poster Making Competition at Baba Mastnath University was a remarkable success, with students actively engaging in creative and meaningful ways to address the issue of ragging. The event not only raised awareness but also empowered students to take collective action toward building a safer and more inclusive academic environment. It highlighted the crucial role of social awareness initiatives in promoting positive change and aligning with the global goals of sustainable development, especially in the areas of education, justice, and peace.

By fostering open discussions and encouraging students to be the voices of change, the Faculty of Law continues to contribute to the development of a campus culture that values respect, inclusivity, and zero tolerance for ragging. Through such initiatives, BMU reaffirms its commitment to fostering an environment where every student can thrive, free from fear and harassment.
